Overview

The AudioCodes **RX-PAD Meeting Room Controller** is a center-of-room intuitive touch controller that provides complete and straightforward access to AudioCodes meeting room solutions.

With its proximity sensor, ergonomic design and 8" high-resolution display, this high-quality controller enables simple and intuitive operation with extensive customization options.

RX-PAD Meeting Room Controller offers innovative features such as one-click-to join with an integrated calendar for simple collaboration initiation, smooth content sharing and easy camera adjustments, among others.

✓ The RX-PAD leverages plug-and-play simplicity to deliver a productive and familiar Microsoft Teams meeting experience requiring connection with just a PoE cable.

✓ The RX-PAD functions are readily accessible to all participants with easy access to camera settings via on-screen navigation buttons that put all of AudioCodes' meeting room solutions at your fingertips.

✓ The RX-PAD requires pairing to the main MTR unit which runs the Teams Room application on Android

✓ Compatible with the AudioCodes RXV80, RXV81 MTR on Android

The RX-PAD is supported by AudioCodes' One Voice Operations Center (OVOC) Device Manager, enabling IT managers to monitor and upgrade the devices from anywhere.
